CHILDHOOD ADVERSITY & TRAUMA

ECHO Series

By providers, for Illinois providers:
A community for problem solving with expert support

ECHO-Chicago (Extension for Community Health Outcomes) is a statewide live virtual online workforce training and capacity-building program housed at the University of Chicago that focuses on promoting use of evidence-based best practices in clinical and non-clinical settings.

Select Topics:

- **Power, Positionality, and Contextual Factors of Childhood Adversity**
- **Provider Wellness and Community Self-Care**
- **Adverse Childhood Experiences (ACEs) and Neurobiology**
- **Connecting with Community Resources in Times of Political Change**
- **Screening and Collaboration**
- **Becoming Trauma Informed in Your Practice**
- **Interventions to Strengthen the Therapeutic Web: Schools & Community, Parenting to Promote Family Resiliency**
- **Referring Patients for Evidence-Based Therapeutic Interventions**
